CRAIG LARSON

Flight Instructor

COVID-19 SPECIAL FOR ENGINEERS FLYING CLUB MEMBERS ONLY

Hello fellow EFC members. I hope you and your families are all staying safe during this time of social distancing. Flight operations for many of us have likely slowed or stopped, and our recent experience needed to meet regulatory requirements, personal minimums, or EFC club requirements may be slipping away.

As soon as flight instruction can resume, I'd really like to hit the ground running with any club members who are due for a flight review - or those who would like to accomplish a flight review early as an avenue to reestablish currency.

To facilitate this, I am offering up to 2 hours of free ground training via Zoom (video teleconference) through 5/30/2020. Let's get the ground portion complete ASAP. That way we can jump right into the flight portion as soon as we are able!

Zoom is amazingly easy to use, and you don't need to download any software. I will email a link – it's VERY SIMPLE!! We will see each other (and my computer screen). Zoom has iPad screen sharing too so we can access ForeFlight to review flight planning, regulations, weather, etc.

Let's schedule a Zoom meeting to facilitate the following:

- 1) Introduce myself and get to know about your aeronautical experience.
- 2) Conduct the ground training portion of the flight review tailored to your specific background.
- 3) Set expectations for the flight portion.
- 4) Schedule the flight portion.

NO CHARGE for up to 2 hours of Zoom ground training if completed by 5/30/2020.

The flight portion will be at the normal rate. Cash or check accepted. Electronic payment available through PayPal (which allows credit card payment).

Call 262-573-4595 or email PilotCraigCFI@gmail.com to schedule.

CLEARED FOR TAKEOFF – LET'S HAVE SOME FUN!!
